Dear Customer

Re: Notification of Price Increase

Due to the increase in raw material costs, I must unfortunately increase our prices effective 01 July 2010 as follows: -

PRODUCT RANGE	PERCENTAGE INCREASE
SFL IL	5%
SFL ILS	5%
SFL QC	8%
Seldek Flashings	5%
Jeremias EW-eco 316	4%
QSW Single Wall Stainless Steel (316 Grade, 1.0mm)	6%
QSW Single Wall Stainless Steel (430 Grade, 0.5mm)	4%
Flexible Flue Liner Accessories	6%
QTC Terminals (316 Grade)	6%
QTC Terminals (430 Grade)	4%
Jammer Anti-Downdraught Terminals	4%

Price lists will be uplifted in the near future and will be posted on our website www.flues-chimneys.com for downloading. Alternatively, hard copies will be available from your nearest MMF branch or Area Sales Manager.

We are under increasing pressure to increase prices on flexible flue liner due to significant increases in stainless steel alloy surcharges. At the moment, I'm pleased to confirm that we can maintain current pricing levels but this may change in the not too distant future and at short notice.

I'd like to take this opportunity to thank you for your business and if I can be of further assistance please don't hesitate to contact me.

Yours sincerely

Phil Mangnall
Sales Director
